Approval of ear tag for swine

On 20th of October 2025, the Danish Veterinary and Food Administration received your application for approval of an ear tag for swine. The ear tag is of the brand Goliath Rigidtag.

The Danish Veterinary and Food Administration hereby approves the ear tag as an official means of identification for swine in the following color:

- Yellow

Any modification to the ear tag will require submission of a new application for approval.

Please note that the distribution of identification devices is subject to registration requirements in the Central Husbandry Register (CHR).

Yours sincerely,

Sandra Ren Holm
